Notes:

- These results were reviewed by the Audit Committee and approved by the Board of Directors in their meeting held on 27th July, 2009.
- The Company has outstanding foreign currency related derivative contracts in the form of swap/options etc. for hedging its business related exposure which are not speculative in nature. The contracts have long dated tenor with multiple contingent/uncertain events. As such, ascertainment of fair value of these contracts is not feasible, however as at 30th June 2009 banks estimate the mark to market (MTM) of all outstanding contracts at approx USD 113 million. The Company intends to adopt AS 30 in due course. Pending adoption of AS 30, the MTM is neither charged to Profit and Loss Account nor considered in the Balance Sheet. However, the gain /loss is being accounted for on settlement.
- The Statutory Auditors have carried out a Limited Review of these financial results.
- Tax Expense includes Income Tax, Deferred Tax and Fringe Benefit Tax. The Company has discontinued providing for fringe Benefit Tax from the quarter ended June 2009 in view of the proposals contained in the Finance Bill (No.2) 2009.
- Basic & Diluted EPS has been calculated after considering the dividend on preference shares on accrual basis.
- The Company has only one business segment namely "Iron and Steel Products" as primary segment.
- Previous period figures have been re-grouped/re-arranged wherever necessary.
- The Company did not have any investors complaints as at 1st April, 2009 and 5 complaints were received during the quarter. There was no complaint pending as at 30th June, 2009.
